

=====

Met on the back porch of the Hall
Attending: Brian T., Elizabeth P., Peter E.
Notes recorded by Peter E.

Topics discussed without agenda.

(1) Brian asked about a meeting of CRD and MOTI. Annually or otherwise. I'm not aware of such meeting. Niall? Rob?

(2) Brian asked about the status of the Driftwood-Health Center Trail. Rob is best person on Pender to answer. Brian is interested to attend meetings with CRD regional staff involved in the project.

(3) Brian asked whether the constraint on future road development, imposed by a new trail in the road allowance, is considered. I have no ideas. A question for MOTI supervisory staff.

(4) Brian asked whether a road allowance can be expanded by purchase compensated with tax credit rather than direct payment. Tax credit can be ammortized over multiple years.

(5) Recently Brian spoke to a/the principal of VBT Bicycling Vacations. <https://www.vbt.com/> Appears V refers to Vermont. Reference address on Web site.

Brian was told that VBT activities contribute a revenue of approximately 400 k\$/year to the Pender Island economy.

(6) Brian asked that MAP request a sign near Otter Bay terminal to remind drivers of the provincial requirement of clearance distance for a vehicle passing a cyclist. Brian will take note of current signage for inbound drivers leaving the terminal.

(7) Elizabeth asked about transport up the hill for inbound foot passengers. A golf cart operated by Ferries prior to 1989 was mentioned. Comment added during editing by Peter: Lightning taxi is a possibility.

(8) Pop-up repair cafe: swivel casters in Elizabeth's walker were reinstalled.

(9) Meeting adjourned 9:50. Thanks to attendees.
